STORY 1

Continued from Page 1

also stated that the job of lowering the pipes had given employment to 10 local men for two days and asked Klusman, "If you knew the work was being done 'illegally', why did you sign the pay checks?" Steiner also explained that Quandt had laid the water pipes at the proper grade established at the time they were laid and that the former council which awarded the Quandt franchise no doubt realized the injustice of making Quandt pay the cost of lowering the pipes when the county changed the grade.

Leonard Plays Mayor

Leonard objected to the mayor misquoting him and reminded Klusman that he had distinctly told the mayor that he could make a test case of attempting to compel Quandt to stand the cost of lowering the pipes, but that he (Leonard) had known of cases in which the board of supervisors had set aside \$60,000 for the removal of pole lines from proposed highways. "I want the mayor to stick to facts when he quotes me," said the City Engineer.

Steiner told Klusman that when the council appointed Klusman mayor, it did not authorize him to do all the work he is doing. "We did not make you a field man to go snooping around, butting into

everyone's business," said Steiner. Klusman countered that as mayor he was ex-officio member of all committees, which Steiner denied.

Wright Defends Steiner

In Mayor Klusman's statement that Steiner did not consult with other members of his committee before authorizing the Quandt pipes lowered, Councilman Wright stated that Steiner had taken up the matter with him before ordering the work.

Would Unseat Klusman

"You talk about disqualifying Dr. Steiner," said Wright to Klusman. "You ought to be unseated as mayor for what you have done tonight!"

"I consider that a motion!" shouted Klusman. "Is there a second?" he asked.

After a pause, Steiner smiled and said, "Yes, I'll second it, if nobody else will."

City Clerk Bartlett called the roll. Steiner and Wright voted to remove Klusman as mayor. Councilmen Ludwig and Conner voted to retain Klusman in the chair, which made the vote two and two. "Don't I get a vote?" asked Klusman. When told that he did, Klusman voted against the motion, and added, "I consider this a vote of confidence."

But of course, the motion was never made by Wright and the entire gesture was out of order. Later in the meeting Mayor Klusman "reinstated" Councilman Steiner as head of the department of public works and City Engineer Leonard and Supt. of Streets Gascoigne to their positions.

Ludlow Disgusted

"I wish we could get rid of these cat and dog fights in the city council," said Councilman Ludlow. "I don't think Dr. Steiner intended to violate any law. We have big problems to solve, including the expenditure of \$140,000, and yet we have taken up half an hour over a \$40 matter," continued Ludlow, whose remarks brought loud applause from the crowded chamber. Ludlow pleaded for unity among the council members and concluded his remarks with the statement, "I respectfully request the mayor to lay off."

Mayor Raves On

However, Ludlow's remarks apparently fell on deaf ears for Klusman opened up a fiery attack upon the police department, and advocated the reduction of wages of all policemen and firemen on duty to \$130 a month, which is a cut of \$20 a month. The mayor stated that the city was paying \$20,000 a year for a police department and asked, "Why is it necessary for District Attorney Flitts' men to come in and clean up the town? If our policemen under Chief Calder can't keep the town clean, we should get someone who will keep it clean." He demanded Klusman, Councilman Ludlow said he was with the mayor in his efforts to clean up the town.

Super-Snooper Chief

Councilman Conner, under whose direction the fire and police departments work, replied, "If you want a super-snooper chief of police, go get one. I am sorry the chief cannot eradicate all evils, but if there was such a man to be had, he would be at the head of the government in Washington."

Attacks Stevenson

Klusman next proposed that Fireman A. D. Stevenson, whom Klusman claims has lived in quarters above the jail for the past 12 years, be requested to move elsewhere as the rooms were needed for stenographers. Councilman Steiner reminded the mayor that the reason the Stevensons were permitted to live above the police station was that the state law required the city to engage a matron for women prisoners and that Mrs. Stevenson was performing the duties of a matron without cost. "If we had to hire a matron it would cost us \$125 a month," said Steiner. "But instead of paying a matron, Mrs. Stevenson performs these duties and for her services gets to live in quarters over a jail," concluded Steiner. City Engineer Leonard's department was next to meet the sharp criticism of the mayor, who wanted to know why there were two men employed in the engineering department. Leonard replied that no other city gets along with only one member in its engineering department, and stated that it was impossible for one man to handle a transit and both ends of a chain.

Steiner stated that it was necessary for the engineering department to gather much advance data on proposed improvements and stated, "I would like to respectfully inform the mayor that he simply does not understand the problems of my department."

Scout Chairmen Meet In Torrance On Monday Night

At a meeting of the chairmen of the harbor division of the Los Angeles County Council of Boy Scouts held in Torrance Monday night at the Chamber of Commerce rooms, additional chairmen were named to take charge of departments in the work. The meeting was presided over by W. H. Klusman, camp director for Los Angeles county, as chairman. New members named were Lester Kaems, C. C. Zander, Thos. J. McNerny and W. T. Jones. Chairmen who were named at a meeting held in Wilmington several weeks ago, who also attended and received instruction in their duties, were Don Fohl, Stephen M. Cope, Herbert S. Wood, Fay L. Parks and Clem Christie. The next meeting of the group will be held at San Pedro, July 12.

Following the business session the ladies of the Mothers' Auxiliary of Troop 3 served refreshments.

CHURCHES

"GO TO CHURCH SUNDAY!"

Church notices, to be assured of publication, should be in the Herald-News office before 10 a. m. Tuesday. Every effort is made to publish them all, but occasionally when they are late it is impossible.

FIRST LUTHERAN

Acacia street and Sonoma avenue. Phone 591. Frank D. Mechling, pastor.

Sunday school, 9:30 a. m. Morning service, 10:45 o'clock. Children's missionary service. No evening service.

CATHOLIC

Weston street, Lomita. Vincent Russell, D. D., Ph. D. pastor.

Mass celebrated Sundays at 8:30 a. m.

COMMUNITY INTERDENOMINATIONAL

24556 Hawthorne avenue, West Los Angeles. Pastor, Mr. E. J. L. Sunday school, 9:45 a. m. Morning service, 11 o'clock. Evening service 7:30 o'clock. Young People's service, 6:30 p. m. Wednesday, 7:30 p. m., prayer meeting.

CHURCHES OF CHRIST, SCIENTIST "God the Preserver of Man" is the subject of the Lesson-Sermon on Sunday, June 12, in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

One of the Scriptural citations includes these verses from Matthew: "And when Jesus was entered into Capernaum, there came unto him a centurion, beseeching him, and saying, Lord, my servant lieth at home sick of the palsy, grievously tormented. And Jesus saith unto him, I will come and heal him. The centurion answered and said, Lord, I am not worthy that thou shouldst come under my roof; but speak the word, and my servant shall be healed. . . . When Jesus heard it, he marvelled, and said to them that followed, Verily I say unto you, I have not found so great faith, no, not in Israel. . . . And Jesus said unto the centurion, Go thy way, and as thou hast believed, so be it done unto thee. And his servant was healed in the selfsame hour."

A passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy states: "Divine Truth, Life, and Love gave Jesus authority over sin, sickness, and death. His mission was to reveal the Science of celestial being, to prove what God is and what He does for man."

Kellems Party In Charge of Bible Class Program

Sunday Services at Torrance Theatre Building Will Be Led By Evangelist

Members of the Kellems evangelistic party will have charge of the class session of the Torrance Men's Bible class next Sunday, June 12, at 9:30 a. m. sharp. The class meets in the Torrance theatre each Sunday.

Dr. Jesse R. Kellems, D. D., Ph. D., will bring a stirring message. Homer Flint Kellems will lead the song service.

Mrs. Homer Kellems, a chalk artist, will draw a beautiful picture which will be given to the man who brings the most men to the session. She will sing a duet with her husband.

Mrs. Inez Tolefano Kellems, a violinist of ability, will play a solo. The class session, beginning promptly at 9:30 a. m., will last one hour only.

Members of the party will entertain at a Father-Son dinner and program to be given by the class in the social hall of the Christian church, next Tuesday, June 14, at 6:30 p. m.

A pot luck dinner will be served by the ladies of the church. However, those attending are expected to furnish the covered dishes. The menu will consist of: Meat-lob, scalloped potatoes, salad, rolls, butter, apple pie and coffee.

The dinner and program will be open to the fathers and their sons of the community.

CHRIST EPISCOPAL

Railroads Will Control Weather In Crack Trains

Arrangements for Comfort of Passengers Provided for Summer Season

SAN FRANCISCO.—"Man-made weather," produced to meet the comfort requirements of railroad passengers irrespective of the season or the climate, today had become a part of the stock-in-trade of Southern Pacific company.

The new service feature was introduced in the form of 14 new air-conditioned dining cars, the most advanced type of passenger train equipment, which will be utilized on the transcontinental runs of Southern Pacific's crack San Francisco Overland Limited and Golden State Limited trains.

Employing the latest system of air-conditioning, the cars are kept constantly flooded with fresh, clean air, washed free of dust and other impurities and with temperature maintained at correct relative humidity, by thermostatic control.

E. W. Clapp, general passenger traffic manager for Southern Pacific, expressed belief that the cars will greatly enhance travel comfort in both summer and winter.

All outside air brought into the cars goes through filters, where dirt and dust are removed. It is mixed with inside recirculated air,

Big Stock Tires Received Before Expected Advance

In anticipation of increased prices on tires, due to the new tariff on rubber which doubles its present cost, Douglas Collins, local manager of Firestone Stores, Inc., has loaded up with over 600 automobile tires and an even greater number of tubes.

Great piles of Firestones in their colorful wrappings are stacked about the salesroom at Marcelina and Cravens, attracting the attention of motorists. It is probably the largest display of tires ever shown in Torrance, and is evidence that Collins is a foresighted tire dealer. Motorists are urged to anticipate their tire needs for the summer and take advantage of the present low prices before the expected advances become effective.

humidified or de-humidified and heated or cooled as conditions require, Clapp said. The conditioned air is then evenly distributed, without draughts, through ducts on both sides of the cars and through outlets into the dining room.

Supplying air in this way creates a slight pressure inside the cars, which prevents dirt and dust from entering and keeps the cars perfectly clean and dustless at all times.

The entire system, except for a manual starting switch, Clapp said, is automatically controlled by heating, cooling and humidity thermostats, to suit varying conditions.

They are Protected

BUT your telephone does more than stand guard. It "runs errands". It carries your voice to the next block or another state. It rings for you and invites you to good times.

Your telephone does these and more, all for so little.
